

iFeel

Annual Progress Report 2021

Introduction to iFEEL

iFeel(International Foundation for Education Empowerment and Learning), a registered non profit organization. Its main focus is to educate the underprivileged out of school children whether they are over age or belong to backward areas around Islamabad.

We have been working in this field since 2007 and presently providing education to over 1200 students who are over age and can't afford regular schooling. We have 15 branches spread all around Islamabad. For coverage of neglected society, we have valuable projects of health, food & orphans. Mainly our sponsors and support systems are from within the communities where our branches are located as well as the friends and family members of our volunteers. Moving toward objectives is only possible through a wonderful strong team.

Samia Sayyed

Executive Summary

Annual report manifests the various amazing projects, prime achievements and magnificent activities. It also includes the financial information to highlight the overall budget.

We have 5 ongoing projects about academic, skilled education, orphan, hunger and health fields. Wonderful achievements have been observed in all areas and it's only possible by continuous teamwork.

Our latest project is to construct a **science & computer lab** in a new adopted school located in Ghora Mast village, it would cost around 4.5 million to meet the benchmark.

Financial status and statistics depicts the canvas of running projects, last year our expenses were 12,377,749 Rs. Stats helps in advance planning and budget management for next year.

Innovative activities i.e visit, event base spirit, hands on, recycling & saving environment present the approach and techniques to convey the concepts, these ways help in long life learning and usable in student life.

Staff grooming is a highly focussed area and frequent training is conducted through experts. With the help of more than 80 trained resources we are producing good students. We appreciate our team in attaining targets.

FDE collaboration: Since 2009, the Federal Directorate of Education (FDE) has been supporting us by provisioning space in FDE schools. We also assist FDE school in different chores.

We **acknowledge and appreciate the participation of all our sponsors** and are really thankful to them for kind favors.

Saima Saeed

Amazing Projects

We have 5 ongoing projects

1- iFeel for Education: Give hope through quality education to improve life and provide a healthy environment. We have mainly 3 type of schools

- a) **Out of school children school:** Free education to over age students, engage them in accelerated primary programs and mainstream them into regular schools
- b) **iFeel Community Model School:** In backward areas, we offer low cost school upto matric level.
- c) **SAPP:** We offer a special accelerated primary program for above 15 year children to complete primary in 2 years.

To ex-students we regularly provide financial help in fees, uniforms, books & stationery.

2- iFeel for Skilled Education: In the Hunarmand program, students are prepared for a professional career. We provide skilled education in stitching, cooking and electrical work.

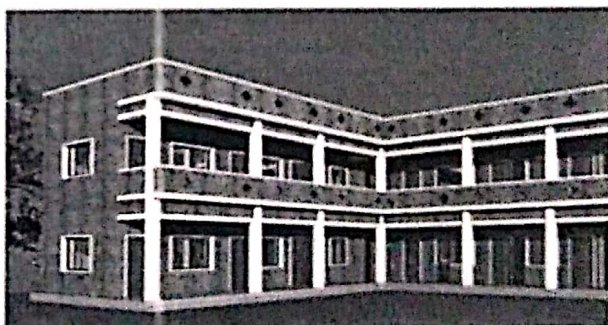

3- iFeel for Health: Help to reduce suffering by arranging medical camps and regular support in treatment for our students.

4- iFeel for Hunger: Feeding healthy ration upto 300 families on monthly bases and in the month of Ramadan.

5- iFeel for Orphans: Bring joy back to their lives by providing ration to family and high class education.

New Science & Computer Lab Project

In July 2021, iFeel adopted a school in Ghora Mast village, due to unavailability of science lab matric in science was not possible there. It's the wish of students to study science to meet their dreams in the medical, engineering, space & computer field. So we decided to construct a science & computer lab with all required equipment to meet the benchmark. Estimated cost would be 6 million and will be completed on 15 march. Most of the work is completed now paint is in progress.

Samir Sayed

New Westridge branch

iFeel and FWT(Friends Welfare Trust) have mutually started a charity school with the name of "Friends OSC School" to provide free and quality education to deserving children so the out of school children can also become a beneficial part of society and improve society through education.

Within one week we made it up and running, it was started on 20 Feb, 2022 currently 35 students are enrolled and growing day by day.

Collaboration with FDE

We have been working in collaboration with the Federal Directorate of Education as it has been kind enough to provide us rooms in 7 of its school buildings which had some vacant space.

#	Branches	FDE School Address	Started on
1	E-11	Muzammil Hussain Shaheed Model School(VI-X),Near Mehran Complex E-11/4 ,Islamabad	26-2-2015
2	F-11	IMSG(VI-X),Street #73,Near Ali Market,F-11/1,Islamabad	27-1-2009
3	G-6	IMSG(I-VIII),Street#29, Near popular Market ,G-6/2,Islamabad	10-2-2015
4	G-8	IMS(I-V),Street #32,Near Noori Hospital, G-8/4,Islamabad	9-12-2015

- Busses fuel : 13,000 Rs paid for fuel, used on 20 Feb 2022 Sports day.

Saima Sayed

- Drivers wages: 10,000 Rs paid to driver and conductor on 20 Feb 2022 Sports day.

Beneficiary Students

We are proud to serve more than 1200 students in urban and rural areas having different age groups.

In past years we have mainstreamed 580 students to class 6. In 2021, we had inducted 551 students in nursery grade. In 2022, our 83 students have applied for the FDE primary board examination. In the board exam our students do very hard work and achieve good marks.

Branch-wise Student Detail														
Branches	Nursery	K.G	One	Two	Three	Four	Five	Six	Seven	Eight	Nine	Ten	Branch-wise Total	Mainstreamed
D-14	24	17	24	10	8	8							91	
E-11	29	22	9										60	
F-11	25	14	30		27								96	175
F-12				20		24	31	15					90	7

Achievements

Following are major achievements.

- 1- Our 3 ex-students joined us as teachers.
- 2- Mainstreamed 113 students into the regular schools.
- 3- Mainstream students who are getting higher education, we are supporting them.
- 4- After the skilled education, many students are working professionally and supporting their families.

5- Robotics Competition

In continuation of tradition, our students won the National Lego League Robotics Tournament. Out of 21 teams from top schools of Pakistan like roots, beacon house etc Allah blessed us with victory and our team stood first.

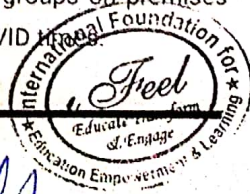

6- Magis Competition

Pak Turk school offers a scholarship competition for primary to secondary level. Our students participated and scored very well. Students morale and confidence were very much boosted, they learned how to prepare and compete in such challenges. Our utmost effort is to engage students in every possible educational opportunity.

7- Education in COVID

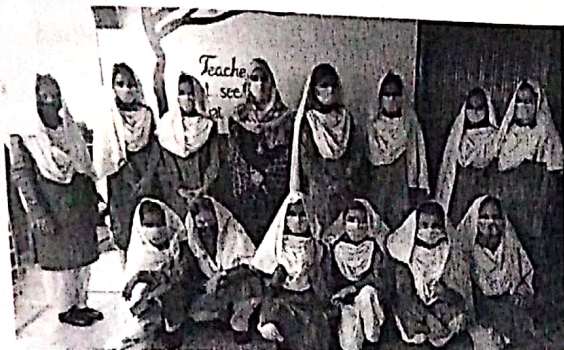

Internet, gadgets & online classes are not learning options for our students, these facilities are out of access for them. But we had tried different methods to engage students in lockdown situations, Whatsapp lessons, Worksheets & engaging students in small groups on premises helped in hard times. We appreciate our staff for regular support during COVID.

Samir Sayyid

8- Uniform Distributions

Yearly, we provide uniforms to all students. That brings smiles and happiness on their faces.

Uniform provided to class 6

Uniform provided to primary

9- Ration Distributions

Feeding more than 300 families of our students by monthly and Ramadhan ration. We include healthy items in packs e.g wheat, beans, pulses, cooking oil etc. Families are out of stress about ration and enjoying meals every day especially during Ramadan.

Saima Sayyed

10- Health Care

We support our students in medical treatment. Here is one major case of Afshan, she needed long treatment regarding mouth cancer but she lost the battle of life and passed away in January 2022.

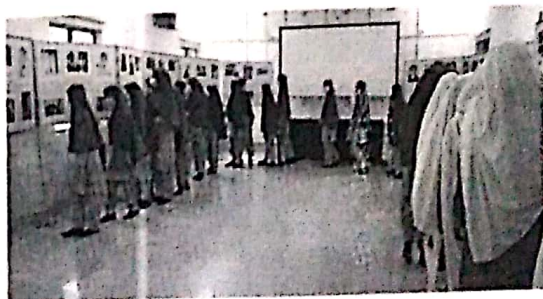

Sports day

On 20 Feb 2022 we had arranged a sports gala event in Sports Complex Islamabad. 1240 students from 15 branches had participated with passion and enthusiasm. It was a memorable event for all students to play in an international level stadium. Kids enjoyed a lot in prade, PT, races, games and prizes distribution.

Interesting Activities

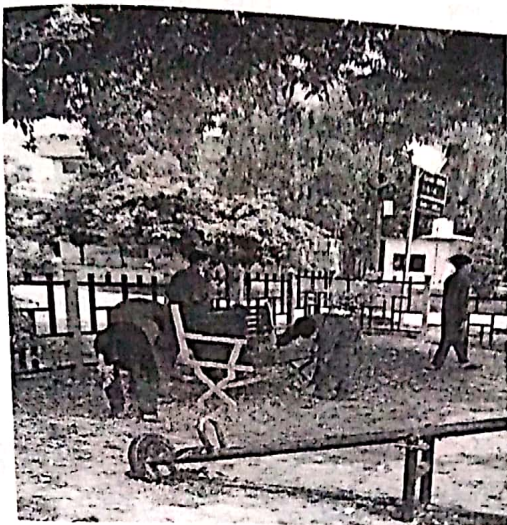

Students are learning through practical, interesting & social activities, they are showing extreme interest and absorbing with enjoyment. We are presenting here a few exercises in which students involve themselves proactively.

Educational trip to learn Pakistan Movement

Samira Sayyed

Healthy Lunch

To maintain nutrition and health, on a daily basis we provide meals to students.

Staff Grooming

We are very focused on upgrading staff academic level and moral values. We conducted subsequent training for staff and specially in COVID, 370 hours sessions were delivered on different subjects.

Sponsor Acknowledgment

We are thankful to all our sponsors who are continuously supporting in this noble cause, obviously all mentioned achievements were not achievable without your kind favors. Looking forward to your valuable cooperation in future and we wish you good luck.

Thank You!
